

Master-Clip Combo

Combination of different Clip hose materials.

Technical Drawing

Construction

Material

- clip profile spiral: hot-dip galvanised steel band
- wall: various fabric combinations, dep. on requirement

Applications

- Almost unlimited applications in field of air, gas and exhaust fume extraction/suction

Properties

- extremely flexible, lightweight
- depending on the materials chosen:
- outer chafing protection spiral
- cold and heat resistant
- extremely compressable to approx. 1:4

Temperature Range

- depending on materials used

Product Variations

DN	Wert 1	Wert 2	Wert 3	Wert 4	Wert 5	Wert 6	Artikel-Nr.
<p>All data refers to a medium and ambient temperature of +20 °C. * Refers to the inner hose lining Subject to technical changes and colour deviations.</p>							

Manufacturing and Delivery

- Order-related production in nominal widths from DN 38 to DN 900 in lengths up to max. 20 m.

Available on request

- Available on request in other lengths, other sizes, in different colours
