

Master-Clip Thermo & Insulating Hoses

Multi-layered hose combinations with specially adapted insulated hoses

Construction

Material

- inner and outer hose lining: standard hose from Master-Clip range
- insulation: asbestos-free insulation material

Applications

- Air-conditioning and ventilation systems
- Heat and cold protection
- Machine manufacturing
- Automotive manufacturing

Properties

- flexible
- low heat radiation
- depending on the materials applied
- good structure-borne noise insulation

Temperature Range

- depending on materials used

Product Variations

DN	op. pressure	vacuum	bend radius	weight/m	outer Ø	wall thickness	article no.
	bar	bar	mm	kg	mm		

All data refers to a medium and ambient temperature of +20 °C.

* Refers to the inner hose lining

Subject to technical changes and colour deviations.

Available on request

- Order-specific production in sizes from DN 38 -DN 900 in lengths up to approx. 5m, insulation thickness from 20mm.
