

Industrial Automation

SHINKO TECHNOS RESEARCH & DEVELOPMENT CO., LTD.

At Shinko Technos Co., Ltd., we are dedicated to providing support for a more prosperous society, as we have been doing for over half a century.. Our temperature measuring controls have been used to support various industries from manufacturers of plastics and rubber, food and packaging, to textiles and ceramics. Our products also support industries which provide essential services such as medical, environmental and energy industrie

Digital Temperature Indicating Controller ACN-200

Digital Indicating Controller ACS-13A

Digital Indicating Controller BCx2 series

2ch Oven Controller BOC-600

DIN Rail Mounted Indicating Controllers DCL-33A

Hand-held Digital Thermo-hygrometer DFT-700-M

Indoor Type Temperature Sensor DSW-100

Hybrid Recorder HR-700 Series

Programmable Controller PCA1

Touch Screen Programmable Controller PCT-200

Modular Controllers QX1 Series

PLC Interface Unit SIF-600

PLC Interface Unit SIF-400

Thermostat SS-100

Plug-in 2ch Digital Indicating Controller WCL-13A
